

PUBLIC NOTICE

The Iowa DOT is providing public notice, information, and schedule of the proposed bridge replacement on Iowa 1, approximately 1 mile north of Mount Vernon, in Linn County.

The proposed project provides for replacing the existing bridge with a 12-by-8-by-88-foot precast reinforced concrete box culvert. The roadway at this location was damaged by high water in 2014 that required the closure of Iowa 1 while repairs were made. The Iowa DOT intends to replace the bridge with a culvert starting this construction season.

Through traffic on Iowa 1 would be detoured during construction using U.S. 151, Iowa 13, and U.S. 30. More information is available on Iowa DOT's website: www.iowadot.gov/ole/otherprojectinfo.html.

Comments or questions concerning the proposed project must be received by the Iowa DOT contact listed below by April 14, 2016.
